## Unit I - Biology and the Scientific Method – Safety Puzzle

Use the completed puzzle to fill in the blanks below.

1. Remember to \_\_\_\_\_ thoroughly after completing lab procedures.
  2. These can cause possible danger to your respiratory tract. \_\_\_\_\_
  3. This is the symbol for eye safety. \_\_\_\_\_
  4. Being \_\_\_\_\_ for your own safety helps to make the entire lab a safer place for everyone.
  5. Keep your hands away from your \_\_\_\_\_ and \_\_\_\_\_ while working in the lab.
  6. \_\_\_\_\_, \_\_\_\_\_, chewing gum, applying makeup and smoking are prohibited in the laboratory.
  7. Students are expected to \_\_\_\_\_ properly in the laboratory.
  8. Do NOT handle \_\_\_\_\_ without permission.
  9. Know the location of the \_\_\_\_\_, safety shower, eyewash, \_\_\_\_\_, and first aid kit.
  10. In our classroom both of the above objects are found near the \_\_\_\_\_.
